

The story of Zippo Manufacturing Company is the story of its people, from the founder, George G. Blaisdell, to the many Zippo employees, customers, and collectors who have played a part in its nearly 75-year history. Their loyalty to Zippo has made this one of America's great companies.

use required two hands, and its thin metal surface dented easily.

He decided to refashion the Austrian lighter, making it rectangular and attaching the lid to the bottom with a hinge. He retained the chimney design which protected the flame under adverse conditions. The result was a lighter that looked good and was easy to operate. The first lighter, currently displayed at the Zippo/Case Museum in Bradford, was produced in early 1933.

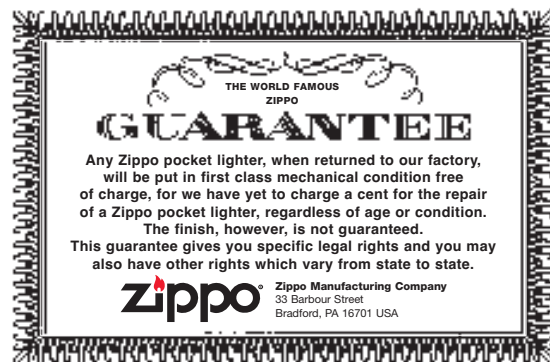

It started in 1932 in Bradford, Pennsylvania, with a dream and a design - a design for a lighter that would always work and would be easy to use. George Blaisdell watched a friend awkwardly using a cumbersome Austrian-made lighter. The lighter worked well, even in the wind, due to the design of the chimney. But its appearance was utilitarian. Its

Today, Zippo has produced more than 425 million lighters, each one backed by its famous lifetime guarantee, "It works or we fix it free."TM

"I can tell you of a man who had the vision and the belief that his company could achieve the success we are celebrating today. His name was George G. Blaisdell. It is his ingenuity and his love for Zippo, a love that has been passed down through three generations, that has kept the flame alive."

*George Duke,
Zippo Owner and Chairman of the Board*

Commemorative Lighter

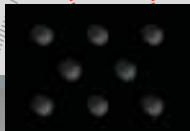

In 2007, Zippo will mark three-quarters of a century as the world's most dependable source of portable flame. To commemorate this milestone, Zippo has created two collectible lighters that will be available only through the anniversary year.

In celebration of Zippo's 75th Anniversary, this lighter was produced for worldwide distribution. Dramatic two-tone laser engraving embellishes Zippo's classic high polish chrome finish, and identifies the lighter as a genuine 75th Anniversary commemorative.

The collectible lighter is pillowed in black satin in an embossed self-display box.

Several distinctive characteristics distinguish the 1941 Replica™ from today's familiar Zippo windproof lighter. The 1941 case has flat planes with sharper, less rounded edges where the front and back surfaces meet the sides. The lid and the bottom are joined with a four-barrel hinge, just as they were on the original 1941

design. The current Zippo lighter has a five-barrel hinge.

The inside unit closely replicates the design of the original 1941 model inside unit. Like the outside, the sides of the inside unit are flatter, with squared edges where they meet the front and back surfaces. The inside unit has fewer holes in the chimney, and is also fitted with a hollow rivet that holds the striking wheel in place.

The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof pocket lighter, but designed for the special needs of pipe smokers. The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe.

P 200PL
Pipe Lighter
Brushed Chrome

The insert of a Zippo pipe lighter is exactly the same size as the standard pocket lighter insert, allowing pipe smokers who have a treasured Zippo lighter the option of replacing the insert to continue carrying the favorite case.

Wintis Gibson calls himself a “big fan of fantasy illustration”, stemming from a childhood infatuation with sorcery and swords. It is from here, as well as from music, that he draws inspiration. “Music somewhat predetermines the type of drawing that I will do,” he explains.

A graduate of the Art Institute of Pittsburgh with a Bachelor Degree in animation, Gibson is currently working as an illustrator and freelance artist. “I love to be able to just go with what I am feeling and create what I can,” he describes. “It’s all me and I love the freedom to be able to draw whatever I feel.”

Zippo is pleased to introduce two of Gibson’s designs, *Patriotic Vision* and *First Mate*.

20973
Pipe Lighter Gift Set
High Polish Chrome Lighter

Available in U.S.A. only.

When Friedrich and Heinrich Kapp opened their business in 1865, they could scarcely have dreamt that they, with their partner Charles Peterson, would go on to become Dublin's most fashionable and respected manufacturer of fine smoking pipes. In 1890 Peterson invented a revolutionary new system that allowed surplus tobacco moisture to drain into a specially designed reservoir within the carved briar.

The dedicated team of craftsmen at Peterson today continues the skills and craft that Charles Peterson applied to his original invention over a century ago. Coupled with a patented graduated stem, the Peterson System provides one of the driest smokes ever.

Now Zippo enhances the genuine classic Peterson pipe with a classic high polish chrome Zippo lighter. The special pipe lighter insert allows a strong, steady flame that doesn't burn the pipe bowl. This distinctive gift set is not just a pipe dream . . . but it is available only while quantities last!
