Unless otherwise stated, every Zippo windproof lighter in this catalog is packaged in the environmentally friendly “one box”, designed to address the growing concern over the depletion of our natural resources. Both the attractive gift box and the cardboard insert are made from renewable materials and are 100% recyclable. The patented “one box” is attractive, easy to handle, and designed to display more of the lighter than ever.

Polished radiance and lasting durability have made Zippo's lustre etch process one of the most popular lighter customization methods throughout Zippo history.

Now Double Lustre brings a fresh look to this favorite traditional process. A simple image is etched, then selectively etched even deeper to produce multi-dimensional highlights. Buffed and plated to a gleaming patina, the Harley-Davidson Bar and Shield design displays bright and dark, high and low areas.
